BIEBER SPARTAN E639 (AMF-NHF-CAF-DDF-MAF-OSF-OHF-DWF)
Owned by Bieber Red Angus, SD; ABS Global, Inc., WI.

Calving Ease, Type, And Cow Power

- Blends a -3.4 birth weight EPD with top third growth and a heap of added marbling
- The Oly 903 daughters are tremendous females and Spartacus E369's dam will be entering the stout Bieber donor pen
- He is moderate framed, super big bodied and really thick ended
- You will really appreciate his type and kind along with his great feet and structure.

May inspection: Wow, an exceptionally stylish young beef bull. Wide based, attractive, thick, deep strong top, superb tail set. Walks really proud on good feet.

MATTY

29PH0938

Ben Simpson

WIRRUNA MATTY M288 (AI) (ET) (PP)

(HYF-DLF-IEF)

Owned by Wirruna.

The EBV profile of Matty positions him as a versatile option in any straight or cross breeding program with top end calving ease, high growth and a carcass profile suitable for producing the high-quality beef that the industry demands.

Matty features a prominent pedigree and rates in the top 8% of the breed for 14 traits that is supported by high accuracy levels. Matty sits in the top 2% of the breed for Carcass weight, and in the top 8% for birth weight. Matty is a proven source of Intramuscular fats (IMF). He was the highest raw scan bull in a large contemporary group and rank in the top 1% of the breed for the IMF trait.

Matty can be used to achieve results in improving end product merit and adding increased genetic value to your cow herd. His dam is a super donor cow consistently producing the top-end calves. Matty has imprinted in his progeny, which are excelling in both the commercial and the seedstock world. The genotype and phenotype of Matty combine to make him a valuable option that can advance strategically focused progressive breeding program.

Matty boasts usage in 29 herds and currently has 404 progeny with 33 scanned progeny.

Wt 24mo	847kg
SC	38cm
Colour	Roan
Poll	Poll - Hetro

"The best Chicago son we have bred to date. We use Kokoda over yearling heifers due to his actual low birth weight, shoulder set, disposition, carcass shape and meat quality attributes. His calves have been born light and thrifty. To date 18 calves born with average weight of 36kg with a weight range of 33 to 40kg. No assisted calving."

Breeders catalogue comments, Jason Catts, 2016.

2019, Kokoda is a solid proven bull, featuring excellent CE and high carcass merit.

- 111 progeny, 17 scans, 89 weights.

HONEY BADGER

29SP0001

Ident #	JJH135
Born	26/08/2012
Weight	922kg
Scans at 600 days	
Fat	P8 14mm
	Rump 9mm
EMA	130 sq cm
IMF	6.0
Scrotal	39cm
Colour	Red
Poll	Homo Polled
E226	Negative

- Solid red and polled
- Top % ranking in \$Indexes and has a great wealth of CE, birth to performance growth and the moderates cow mature weight
- On inspection Honey Badger is a complete beef industry type bull and would suit any breed and most systems
- Has a real maternal type pattern up close, but still punching with 130 sq. cm EMA, pasture reared
- Has a strong head with an impact sire outlook
- Now a proven sire used in 16 herds, 241 analysed progeny, 121 scans, 25 daughters, 161 birth weights
- Tremendous results in cross bred calves with Santa and Droughtmaster cows
- 250 progeny, 108 scans, 157 weights.

HERITAGE

29SP0005

SPRYS HERITAGE M213 (P) (ET) (AI)
Owned by Outback Shorthorns.

Ident #	GLSM213
Born	04/08/2016
BW	38kg
WW	278kg
Wt 400	558kg
Wt 20mo	871kg
SC	38cm
Colour	Red Little White
Poll Gene Test	Homo Polled

"Heritage M213 puts together a complete package of medium maturity, deep, extremely big topped and easy keeping with an excellent data set. An excellent opportunity to get one of our very best. Used extensively in Sprys & Outback herds in Spring 2017. We believe this young sire is close to where we think the breed needs to be in the Australian beef industry to gain more market share."
Breeders catalogue comments, Gerald Spry.

All of his first AI drop of calves were born before the due date, and is now a trait leader for GL, top 4%.

- 95 progeny, 23 scans, 81 weights.

ZEUS

29SP0003

YAMBURGAN ZEUS H140 (P)
Owned by Yamburgan.

Ident #	YY H140
Born	22/04/2012
Colour	Red
Poll	Homo Polled
E226	Negative

Low Input Carcase Standout

- "Zeus H140 is a young sire with tremendous potential, the combination of genetics and Breedplan figures in this sire are commercially proven and are Durham Research & Development tested." JOHN MANCHEE, Manchee Agriculture
- By the great carcass performance sire, D79 whose progeny have won multiple independent carcass trials
- Zeus as a high accuracy mature sire delivers superior CE, short GL and low BWT with an awesome set of carcass EBVS on EMA, fats and IMF
- Highly proven 23 herds, 566 analysed progeny, 288 scans, 24 daughters, 450 birth weight
- Sons have been selling well across the country with some sales having averages of \$14,500 for 13 sons and another average over \$18,000
- Daughters are really functional good working females. Daughters have been feature high selling females in selected stud sales
- Dam F55, continues to breed on with more sons entering the seedstock and commercial sector
- Zeus semen sales continue strongly, he is set to be a top link sire for the breed
- 632 progeny, 93 scans, 447 weights.
